Re: Scientific Chemical Processing, Inc., 216 Paterson
Plank Road, Carlstadt, New Jersey

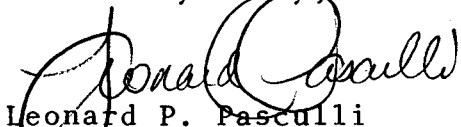

Dear Ms. Feldstein:

We understand that EPA intends to move forward with the remedial investigation and feasibility studies (RI/FS) unless those notified by EPA voluntarily undertake the RI/FS.

As you are probably aware, a Steering Committee has been selected to negotiate with EPA on behalf of the potentially responsible parties at SCP - Carlstadt.

GAF is participating on the Steering Committee, we have contributed financial support to the Committees' work, and are assisting them in the preparation of a proposal.

Yours very truly,

Leonard P. Pasculli
Associate Counsel

LPP/bv
